You will need 5- Med. Bulb
60 Watts Recommended .

USE LED BULBS FOR EXTENDED USE
THE FIXTURE IS DRY RATED

How to install

1. Select the correct number of hang rods A and B, depending on the desired hanging height. Pass the wire through the rods and screw them together.
2. Slide the poly plate, swivel ball and canopy over the rod assembly. Screw one end of the rod assembly onto the fixture frame and the other end onto the swivel ball.
3. Screw the threaded pipe onto the bottom of the fixture frame. Place the pipe cover and end cap over the threaded nipple and secure with the nut.
4. Install the mounting plate onto the outlet box. Raise the fixture up to the ceiling and do the wire connection. Raise the poly plate and canopy up along the rod and secure with ball nuts. Please make sure the nipple on the center hole of canopy leans against the slot on the swivel ball.
5. Install the bulb(not included) into the socket .
6. Place bottom shade and poly disc over the threaded pipe and secure with the finial. Please make sure that the spokes on the bottom shade line up with the ones on the top shade when tightening the finial.
